

**PROPOSED
WYOMING REPUBLICAN STATE CENTRAL COMMITTEE
RESOLUTION CONCERNING COMMON CORE EDUCATION STANDARDS**

Whereas, the Common Core State Standards (CCSS) are a set of academic standards, promoted and supported by two private membership organizations, the National Governor’s Association (NGA) and the Council of Chief State School Officers (CCSSO) as a method for conforming American students to uniform (“one size fits all”) achievement goals to make them more competitive in a global marketplace, (1.) and

Whereas, the NGA and the CCSSO, received tens of millions of dollars from private third parties to advocate for and develop the CCSS strategy, subsequently created the CCSS through a process that was not subject to any freedom of information acts or other sunshine laws, and never piloted the CCSS, and

Whereas, even though Federal Law prohibits the federalizing of curriculum (2.), the Obama Administration accepted the CCSS plan and used 2009 Stimulus Bill money to reward the states that were most committed to the president’s CCSS agenda; but, they failed to give states, their legislatures and their citizens time to evaluate the CCSS before having to commit to them, and

Whereas, the NGA and CCSSO in concert with the same corporations developing the CCSS ‘assessments’ have created new textbooks, digital media and other teaching materials aligned to the standards which must be purchased and adopted by local school districts in order that students may effectively compete on CCSS ‘assessments’, and

Whereas, the CCSS program includes federally funded testing and the collection and sharing of massive amounts of personal student and teacher data, and

Whereas, the CCSS effectively removes educational choice and competition since all schools and all districts must use Common Core ‘assessments’ based on the Common Core standards to allow all students to advance in the school system and to advance to higher education pursuits; therefore be it

Whereas, that the Wyoming Republican State Central Committee, as stated in the 2012 Wyoming Republican Party Platform “opposes any establishment or application of any national public education standards, including the Common Core Education standards include testing, curriculum and educational media for students, educators and administrators,” (p37)(3.); and be it further

Resolved, that the Wyoming Republican State Central Committee recognizes the CCSS for what it is— an inappropriate overreach to standardize and control the education of our children so they will conform to a preconceived “normal,” and be it further

Resolved, that the Wyoming Republican State Central Committee rejects the collection of personal student data for any non-educational purpose without the prior written consent of an adult student or a child student’s parent and that it rejects the sharing of such personal data, without the prior written consent of an adult student or a child student’s parent, with any person or entity other than schools or education agencies within the state, and be it further

Resolved, that the 2012 Wyoming Republican Party Platform specifically “recognizes that the future strength of our country lies in a strong education system that rejects any Federal government intrusion into Wyoming’s education system, including financial support,” (p37)(3.); therefore, the Wyoming Republican State Central Committee rejects this CCSS plan which creates and fits the country with a nationwide straitjacket on academic freedom and achievement, and be it finally

Resolved, that upon the approval of this Resolution, the Wyoming State Central Committee will deliver a copy of this resolution to every current Republican Member of the Wyoming Legislature, all 2014 Republican candidates for Superintendent of Public Instruction, all 2014 Republican candidates for the Wyoming Legislature, all 2104 Republican candidates for Wyoming Governor, and to each Wyoming Republican county party office; and recommend for adoption into the Wyoming Republican Party Platform at the 2014 Convention.
