Subject: RE: Candidate Survey- Reminder

To Whom It May Concern:

I appreciate your contact requesting my input on your organization's survey. However, as a candidate and prospective citizen legislator it is my belief that my duty is to the individual voter, not any special interest group, no matter how noble they may be.

I have, therefore, decided not to answer surveys as a candidate for Senate District 27. Should your organization hold an event that is open to voters, I would be interested in participating in a forum where I can personally address the individual voters of my district who would be in attendance.

I can tell you that I hold politically conservative views and I have been a member of the Republican Party my entire life. I believe in limited government and personal liberty. I think that people, through apathy, have essentially abdicated their power to those who would advocate government involvement and regulation in virtually every aspect of our public and private lives. I am concerned that if the average citizen does not become more involved our country will no longer be a place where individuals can live essentially as they please with reasonable boundaries of respect for others.

If you would like more information on some of my views you may reference my web site www.KaraLinn.com .

Kind regards,

Kara Linn

Candidate WY Senate District 27
